CMO Open Enrollment and New CMO Contracts

Dear Providers,

Beginning July 1, 2017, the Georgia Families® program will provide members a choice of four Care Management Organizations (CMOs): Amerigroup, CareSource, Peach State Health Plan, and WellCare. Members will have the opportunity to select one of the four CMOs during the upcoming Open Enrollment period which will take place from March 1, 2017 through March 31, 2017. Upon completion of the Georgia Families Open Enrollment process, members will be enrolled with a CMO and will begin receiving services under the new CMO contracts which are effective July 1, 2017.

Amerigroup will continue to provide services to foster care, adoption assistance, and select juvenile justice members enrolled in the Georgia Families 360° program.

Providers can learn more about contracting with Amerigroup, CareSource, Peach State Health Plan, and WellCare by calling the respective CMO's toll-free number or by visiting their website.
