

## Continuing Education Directions for ASIST Participants within the United States

Go to [www.livingworks.net](http://www.livingworks.net) to link to CEUnits for the exam to receive credits. **Use the resources and support tab and go to the continuing education page to find the link. Click on the CEUnits link and when it comes up click on the [start here] box to register.**

The cost for the Continuing Education is \$60 for 12 hours but you will not be charged until you pass the exam and download your certificate. You will have an evaluation of the process to complete before you print your certificate

Participants can take the exam as many times as they want but the questions will be drawn at random from a bank of exam questions. It will not show you which answers were correct.

***All continuing education credits by exam will be handled through CEUnits. They will keep track of any credits participants receive. The date on the certificate will be the date that participants print it out, not the date that they took the exam.***
